Dear Member - Rufus Jackson — James Semler
Hank Rigney — Ed Gottlieb
Tom Wilson — Alex Pompez

I have written Mr Gottlieb asking him to make arrangements to receive a phone call or wire from each league game played, immediately after game, stating the score, batteries and attendance. This information should be sent by the winning team. [Each home park team then phone Gottlieb about 12.30 P.M. and get all results] If it is not convenient for Mr Gottlieb to take care of it on Sunday, I will arrange to have some one at my office each Sunday night from nine to ten P.M. when any team can phone in and get results of all games played Sunday. The number is Bigelow 3-6383. In order to get this information the winning team at each game should send a wire immediately after the game to my office 101 Montgomery St. - Newark N.J.

It is certaintly ridiculous that none of we members know how any teams

have made out, until "The Courier" come out the following Thursday. I can't see how we can expect to get and hold the interest of the fans unless we make some effort to give them this information they want.

The cost to each team should not avarage anything near $25^{00}$ a month and it should certainly pay big dividends in the end.

There should be a fine on a team any time the fail to send results, but I believe if it is up to the winning team they will be very apt to take care of it.

If Youhlieb cannot take care of it week days. I will be glad to do that also.

I would appreciate a line from you by return mail, saying whether you will cooperate. This should start with this Saturdays game.

Please send begun fee for May.

Very Truly Yours
Abraham Manley
